Lilian,

Thanks again for getting the ball rolling on a meeting.

Unfortunately neither Friday 8/11 nor Friday 8/18 work on this end. We wanted to suggest Monday, August 21st, any time after 10:30 mountain time, which works for both Citizen Name / Ex. 6 ll as the legal team. Please let us know if there is a time on the 21st that is convenient for you.

Thanks,

Marianne

Hello Marianne,

We have reviewed your letter and have also discussed it with Jennifer Hower of NMED, within the context of ECRCO's monitoring of the Informal Resolution Agreement. I am proposing that we set up a conference call to discuss. The call would include you (whomever you need to include) ECRCO, and MNED.

Schedules this week and next are tight, however, would you be available this Friday 8/11 at 3:00 EDT (1:00 PM MDT)? Otherwise, next Friday 8/18 at 3:00 EDT (1:00 MDT)?

Thanks! Lilian

Re: Follow Up to Resolution Agreement, Complaint No. 09R-02-R6

Dear Director Dorka and Secretary Tongate;

Attached please find a letter in follow-up to the Informal Resolution Agreement entered into by the New Mexico Environment Department and the U.S. Environmental Protection Agency on January 19, 2017 (EPA File No. 09R-02-R6). Complainant Citizens for Alternatives to Radioactive Dumping (CARD) requests an update on the status of measures required by the Resolution Agreement and, also, to ensure that CARD will have meaningful opportunities for input in the development of policies required under the Resolution Agreement before they are finalized.

Please let us know if this letter raises any question or requires clarification. We look forward to hearing from you in the coming days.

Sincerely,

Marianne Engelman-Lado
