Thank you for the opportunity to comment and for the ongoing effort to clean up the East Waterway. I'm a Seattle resident who cares about the Duwamish River, and I support the preferred alternative to address legacy toxics cleanup. As a resident, I also support regional, holistic stormwater management to prevent stormwater pollution from continuing to harm the Duwamish River and its surrounding communities. The Duwamish River and surrounding neighborhoods need accelerated remediation. Listed 40 years ago as one of the most polluted sites in the nation, we can't wait any longer for this last stage of the Harbor Island cleanup to get underway.
