Michael,

In response to Deputy Administrator Wheeler's questions today, below is the information on the Administrator's representational funds for the CEC Council Session. We will also be sending an approval request form for the CEC representational funds for this year's Council Session, which has not yet been transmitted to the CEC.

If there are any further questions, please let me know.

Jane,

In 2015, Administrator McCarthy used $11,124.83 in representational funds to support the CEC in Boston.
In 2018, we estimate that Administrator Pruitt will use $11,126 in representational funds to support the CEC in Oklahoma City.

Our database does not go back far enough to see what Administrator Jackson used in representational funds to support the CEC in New Orleans in 2012. It would take us more time to be able to mine old files to figure that out.
