I think we can do everything from Rome on my trip. We will advance Bologna in person with the advance team that comes just before the Administrator.

No word yet on how many EPA can support. I have submitted everything, but until they get the whole package with vehicles etc, they won't make a decision. They are very inexperienced with international missions and it is very difficult getting decisions out of them at this point. Also, their security has just gone to 24/7 and changed the agents around, so they are also a bit slower than in the past.

Looking forward to seeing you and catching up in person. These are interesting times.

Awesome. We have our own sked with control officer contacts, etc. After we reconcile our schedules today, we can share this with you periodically.

Also, late morning on April 18th, I'll call a meeting with all of our logistics people so you guys can put names with faces. Do you want to travel to Bologna, or can we do everything from here?

Any word on how many of us EPA can support?

Thanks!

Funny. I just responded to the invite you sent for the call.
Anyways, we will always try to include him.

Thanks Mark! It is a quirky thing – even though you included Rome ESTH, and that includes [redacted] he didn't get this. Please add him separately next time, and you can scratch our Rome ESTH-DL address.

[redacted], please update our internal schedule.

For our call today, I have attached an updated version of notional agenda.
The only real change is that we have put in train to Bologna instead of plane.

Look forward to speaking with you all later.

Mark
