Hi, Frank. I'm wondering why a CA is needed for this information and backup – aren't these public records subject to FOIA anyway? Wanda

Dorothy and Wanda I will need Ford and the Borough to sign a confidentiality agreement in order to get this info released to you. Do you know whether your respective clients signed one already. Please advise. Frank

Frank, we will have comments on the costs but are still in the process of reviewing them. In order to complete our review, we need further information and backup on the following EPA contractors:

(1) Alion Science and Technology Corporation
(2) Weston Solutions
(3) Dyncorp Information and Engineering
(4) Computer Sciences Corporation

(5) KAP Technologies
(6) A4 Scientific Inc.
(7) Datachem Laboratories, Inc.
(8) Liberty Analytical, Inc.
(9) Mitkem Corp.
(10)Shealy Environmental
(11)Bonner Analytical Testing
(12)Chemtech Consulting Group
(13)Envirosystems, Inc.
(14)CDM Federal Programs Corporation; and
(15)Environmental Restoration

For each of the above, please provide backup documents that detail descriptions of the work that they were conducting for the EPA Ringwood Site that corollate with the costs being charged on the attached Scorpios reports. Additionally, please provide back up documents that describe the work that correlates with the ATSDR costs being charged. Please provide this information well in advance of our meeting on June 6th so we have time to analyze the information.

Thanks and best,
Dorothy

All About two weeks ago I sent you the SCORPIOS Report for the past costs number in the draft CD. I have your comments on the rest of the CD paragraphs. Do you have any comments with respect to the costs? Also, I would like to set up a meeting on the CD in the next few weeks. As I think we can focus on the CD alone in this first meeting, perhaps we do not need technical staff at this meeting. Please provide me with an idea of your availability for the weeks of May 22 and May 30. Thanks, Frank.
