Dear Mr. Rhines the California Medical Facility (CMF) was built in the early 1960's and is old dilapidated and falling apart daily, especially the Gym. It's ceiling has holes that when it rains staff has to put over 50 buckets down to catch rain water, there's a strong odor of termite eaten wood and dark brown stains dripping down the walls.

I consulted officers and medical nurses and doctors who confirm it is "Asbestos" and "Black Mold". I documented the dates and times I saw Asbestos abatement trucks park long trailers next to the buildings as

workers dressed in white protection with face masks on top of the roof's tossing stuff down into those long bins.

The buildings have built-in steam like heat radiating to keep the cells warm as they get very cold at night with maintance shuts off the heat to do repairs which is often.

Windo putty is gray and I was informed by maintance crews that it is asbestos.

In March 15, 2018 this prison was under quarantine due to endemic spread of (b) (6) Privacy [redacted] in which former warden (b) (6) Privacy [redacted] issued a memorandum to this effect.

Mr. Rhines, I don't know if your familiar with CDCR exposing prisoners to (b) (6) Privacy [redacted] See Smith, et al. v. Schwarzenegger et al. Ninth Circuit Case No. 15-17155 Eastern Dist Case No. 1:14-cv-00-LJO-SAB, etc.

CDCR officials violated the Equal Protection Clause of the 14th Amendment by intentionally failing to protect African-American inmates whom the officials knew had a heightened risk of developing (b) (6) Privacy [redacted]

The cells have no ventilation and there's extreme
moisture, humidity

I alleged Discrimination in violation of the 14th Amendment to the U.S. Constitution that guarantees everyone "equal protection of the law." There is sanitation problems, unhealthy air and vermin, huge cockroaches that infest buildings.

Mr. Rhines, I have filed numerous grievances and lawsuits and complained numerous times to U.S. Department of Justice Civil Rights Division, Special Litigation Section all to no avail. Can you please help us?

CMF is suppose to be a "Medical Facility" and it is "NOT". Inmates are dying here at record numbers. Why? I filed a class action just to meet the DOJ's criteria and still they refuse to even investigate my claims to see if it's true or a lie. I can send you copies of medical records, appeals, letters to DOJ and other if you need. Please help "us" sir.

Mr. Rhines, thank you for looking into this matter and actually doing something. If anything start with the Gym you'll have all you need there.

Thank you again for a speedy response!

Sincerely,
