Group meeting. Tailgate mtg.
Don discussed Health & Safety
Art discussed work map as I return first day.
Decon area visited. USASD brought enough sampling equipment to need only decon at end of day.

SMA3-2B-SS02
sample taken below concrete
containment on railroad
tracks. 3-Encore samples
2-8oz jars + aluminum.
Sample taken around 9 AM.

Returned to Decon pad to clean
sieves, shovels,

weather partly cloudy breezy.
Rain on way possible tornados
over night.

Just mentioned UPS may have
compromised the 137 shipment
of Encore samples. They have
a 48 hour holding before analysis.
Apparently hung up.
