Subject: RE: Scenarios other than 72%

Sabu –
On the last call, Taim said that he just wanted the scenario that met the Scenic river standard at the Stateline. We never discussed what the other scenarios would be. I was under the impression that the report was to be based on just the Stateline condition.

Taim – If you want additional scenarios run .... And we did run many other combinations of reductions for OK, as we have discussed .... Let's have a call to discuss, ASAP.

We're running out of time with a March 27 'dropdead' date ... and we still need to produce the report!
Also, FYI – we are moving offices, Tues – Friday next week, so we might not be in a position to do a lot of work on this.

Tony

Subject: Scenarios other than 72%

Hi Anurag,
What is the status of 2nd and 3rd scenarios, now that the reduction for the AR reduction is changed to 72 from 75?

Regards,
Sabu.
