and anyone who gives a rats butt!

Oct 02, 02

I WOULD LIKE TO ADDRESS, WITH UTMOST COMMON SENSE, THE ISSUE OF PAVEING RAINY CREEK Rd.

WHY?

PAVEING Rainy Creek Rd is a WASTE OF MONEY, TIME & ASPHALT BECAUSE THEIR IS NO PURPOSE FOR PAVEING RAINY CK. Rd. WHAT WOULD THIS ACHIEVE? BY NO MEANS WOULD THIS RESOLVE/STOP ANY ASBESTOS DUST EXPOSURE, you WOULD STILL HAVE TO MAINTAIN A 24/7 water/dust program FOR ANY & ALL TRAVEL OF RAINY CK. Rd. PAVED OR NOT. THE TRUTH IS THE CONTAMINATION EXISTS ON BOTH SIDES OF THE RAINY CK Rd, FOR AS FAR AS THE EYES CAN SEE AND BEYOND. And WITH MY EXPERTISE in ASBESTOS AND COMMON SENSE, Mind you, ANYTIME WIND is PRESENT, EXPOSURE & Contamination is PRESENT, every WHERE on Rainy CK Rd. Millions & Millions of lbs OF ASBESTOS DUST EXISTS, FROM THIS SITE AND WILL BE THERE FOR GENERATIONS TO COME.

So WHY PAVE Rainy Creek Rd? WHY NOT CLOSE THIS CONTAMINATED AREA FOR EVER BECAUSE FOREVER IT WILL BE CONTAMINATED, PAVED ROAD OR NO PAVE ROAD.

I SUGGEST WE USE ALL THAT ASPHALT INSTEAD FOR THE STREETS OF LIBBY, TROY & EUREKA, A TRUELY NEEDED ISSUE I'M SURE WE ALL WOULD AGREE WITH.

Specially us tax paying citizens, WHO BELIEVE

Lining someone pockets on a road to
no where and a hell of a lot of wasted
ASPHALT on a no where road, is really ignorant
and $ A WASTE. I hope you all see my
common sense cuz the truth, sure
makes sense. Say No to paving
Rainy Creek Rd.

Insanely curious

Michael Caill
