Good morning Tom,

This email confirms that on Friday morning, June 29, we will meet at the EPA Region 6 Office to provide an overview as well as a "hands on" example of how HSPEXP+ functions regarding scenario evaluations for the Illinois River Watershed model. We are looking forward to your visit.

Thanks so much.

Taim.

Taim,
Can you please do me a favor? Can you please send me an email saying you and I will meet on the morning of Friday, June 29th to work on the Illinois River Nutrient Modeling? I just need something for my travel authorization showing I'm going to Dallas for a purpose and not to visit the West End! ☺
I sure appreciate it.
Thank you sir,
Tom

Dear Technical Workgroup,

Hope everyone is doing well. We would like to provide an in-person update on the Illinois River Watershed Modeling project and would like to host a one day workshop in Dallas on the model, modeling tools and to discuss the latest developments. Please consider your schedule and let us know your travel availability during the March 5 – March 16 time frame. Please use the following link to indicate your preference on which day(s) to meet. https://doodle.com/poll/zdgqkwmkg79a8iw8

There has been considerable advancement in the tools and we look forward to sharing all of the progress made.

Thanks so much and hope to see you soon.

Taim.
