Subject: PCBs: Former Pechiney Cast Plate Facility -- Follow Up

Hi Carmen,

Just wanted to give you an update on the schedule for the Pechiney site. There is a potential that the below grade demolition and soil removal work may begin in mid-August 2013. The timing of the work still remains dependent on the resolution of the purchase and sale agreement with the City of Vernon. We should know more regarding the schedule in the next two weeks.

I'll give you a call this week as a follow-up.

Best Regards,
Linda Conlan, PG
