Have you given Ashton a heads up? Otherwise, this looks like a good way to go.

Here is what I would like to send to reporters regarding compliance history. I don't think we should send the full report from ECHO.

MGP Ingredients

Compliance history highlights include:

State and EPA Clean Air Act inspection 3/15/2016

Formal enforcement last 5 years
CAA, Administrative Order, State, 01/29/2015, $6,000
CAA, Civil Judicial Action, State, 04/04/2012, $0

Kansas Department of Health Environment contact: Ashton Rucker, 785-291-3684

Dave had it pulled up from ECHO in the response room.

It looked like RCRA inspected several times through the years up to 2012. I didn't see any penalty/violation info. CAA (not sure if it was EPA or KDHE) inspected in 2015 resulting in $6,000 penalty and then inspected this past March 2016 but compliance status from that wasn't available.

It does not appear that we have ever done a CAA 112r inspection.

Several media queries want information about past violations at the facility. I need that information to provide to them. Ken wants the information also. Thanks.
