23525

TO: John Brooks
State HW Sect.

FROM: Shane Hitchcock

DATE: 5/28/80

TIME: 4:10

SUBJECT: Lee's Lane Landfill

SUMMARY OF COMMUNICATION

18 samples were collected 3/27/80 for organic (GC/MS) and flash point analyses. A letter was sent to JH Realty Co. by the state (last month) asking them to please remove the ~~bad~~ drums from Lee's Lane banks. Ben Hardy wrote back skirting the issue and in essence refusing the request. The request deadline was 3/25/80. State estimates ~~approx~~ 400-500 drums exposed. Once they (the state) gather enough information, the state will take it and file for an Alleviate & Abate order forcing the estate to remove the drums. If they refused, the state could have it done at the estate's expense. The State does not want EPA to use 311 action unless absolutely necessary, because it would have drums removed to higher ground and not ~~dem~~ disposed of properly. Ben Hardy

CONCLUSIONS, ACTION TAKEN OR REQUIRED

would probably be eager to go to court as he has already drained a lot of the ~~state's~~ estates money during the '78 gas migration crisis.

INFORMATION COPIES TO: Scarborough / Mathis

EPA Form 1300-6 (7-72) REPLACES EPA HQ FORM 8300-3 WHICH MAY BE USED UNTIL SUPPLY IS EXHAUSTED.
