Steve, Kimberly and Jason,

I'm resending the AECD zip file, but with an inverted extension name so it will pass your security wall. Just rename the file with the proper ".zip" extension to open. Thanks.

Steve, Kimberly and Jason,

You requested at our 2011MY heavy duty certification preview you would like to get an advance copy of our MY11 HD Diesel AECD documentation, indicating it would be helpful for you to get started on what is a very involved activity. Per that request, I'm attaching a compressed "zip" file which contains a compilation of our MY11 HD Duramax Diesel AECD files, each a varying levels of completion. Our goal is to have all of these documents complete over the next two weeks.

If you have any questions or comments, feel free to contact me.
