Greetings.

The draft Agenda generally looks good. SGC's minor comments are as shown on the attached. I think that it is important that the Agenda reflect the unique nature of the opportunity that we are working upon and that the Meeting will be provide the opportunity to discuss the best methodologies to reach our mutual objectives.

Thanks and regards.

Greg

Thanks, Paula. It was good to chat with Martin and Brent last week, and it is excellent to see things moving forward. The dates that are looking most promising for our folks are 7, 8, and 9 April (with 8 and 9 being preferred). Per your request, I will follow up with you and Richard with respect to the draft Agenda.

Regards.

Greg

Subject: Proposed Meeting

Greg – Attached is a draft agenda for the meeting (yet to be scheduled) between Sunnyside Gold Corporation and EPA, BLM & CDPHE. If Sunnyside has any thoughts on the agenda, please let me and Richard Sisk know. We thought that at this 1st meeting we would discuss both legal issues and technical issues. Later meetings can be split into legal or technical discussions.

Currently, I am in the process of contacting the list of attendees from the government to see what dates they are available. I will let you know ASAP what dates will work for us. I will be in Silverton next week M-W and may only be able to check my email intermittently so it will likely be Thursday, March 26th before I can give you some firm dates for a meeting.

I can tell you that we are looking at the morning or afternoon on one of the following dates – April 1,2, or 3 or April 6, 7, 8 or 9. We were going to allow approximately 2 hours for this meeting. The following week (April 13th) will not work as Richard Sisk will be out of the office on annual leave until the end of April.

The following staff are tentatively on the list for attending the meeting –

EPA: Paula Schmittdiel, Liz Fagen, Richard Sisk, Mike Rudy, Cynthia Peterson, Steve Wharton

BLM: Brent Lewis, Ann Umphres & Beth Ransel

CDPHE: Randy Perlis, Doug Jamison & Scott Schultz

Thank you.
