Dear Ms. Smith,

The funds control agreement between NAS and CAC-Motir JV has been executed by all parties. The bank account to which NAS requests that GSA direct all pending and future project payments is being opened and should be active by the end of today or Monday at the latest. Once the bank provides the account information, we will forward it to you along with a formal request from the JV and NAS that the hold funds be lifted and payments directed to that account. Please let us know if you have any questions or would like to discuss. As has been the case, NAS reserves all rights, claims, and defenses.

Regards,

Noah R. Meissner | Associate
