Subject: FW: Review of TGTI Deepwater Terminal
Attachments: TGTI Scoping and Deepwater Port Application COASTAL AND WETLANDS.docx

Paul:

I forgot to tell Maria that you may have been the one to receive the CDs. That's what the exercise last week was all about when we were collecting mailing addresses.

Subject: Review of TGTI Deepwater Terminal

Maria:

You may have received a set of CDs from Rob Lawrence, who is coordinating a Regional review of the Deepwater Port application for the Texas Gulf Terminals Inc. proposal.

Although our Branch may not have specific comments on the completeness of the U.S. Coast Guard and MARAD deepwater port application per se, we often provide Rob with initial scoping comments. Because the formal NEPA scoping process hasn't yet begun, these comments are typically rather general. Therefore, I often wrap up coastal, marine, and wetland comments into the same narrative. If you or your staff do not have time to submit separate comments, just let me know as soon as possible if the ones I've drafted will suffice (see attachment).

Please let me know your conclusion by the end of the week, if at all possible. Feel free to give me a call if you'd like to discuss this further.

Thanks,

Barbara Keeler
