Home to Massachusetts for a family reunion and some fried clams (one of many thing I can't get here in WV).

Hi Liz,

I think Jake assigned it to Bill, for response. Hopefully your leave is somewhere for fun =)

Thank you,
Melissa Linden, OSC

Yeah! How soon do you need this Melissa? I'm getting ready to go on leave followed immediately by a site visit. I won't be back in the office until August 30th.

Liz

Subject: Shaffer Equipment Company Site in Minden, WV

Good morning,

I have started drafting our action memo, basically the funding document for EPA to be able to repair the cap located in Minden, WV over the PCB contaminated soils and materials from the Shaffer Equipment Company Site. The proposed actions will include repair of the cap and increasing the size of drainage swales around the cap into Arbuckle Creek. Could you please let me know of the applicable state regulations for these actions, that need to be considered as ARARs.

Thank you,

Melissa Linden, OSC
