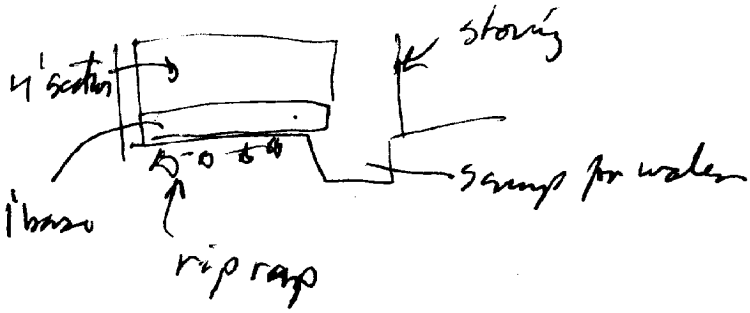
Oil separators sun 800 - 4PM

dump truck

2 hitachi 5 sump pumps

Mike Donnie Duane + helper

+ truck driver



dilema

water coming in so fast

can't put 1' base down without it being covered by water before next section can be placed to gain some room for water

AWAC 757 passed going to east of ℄

10' clearance

100PM stick grading base

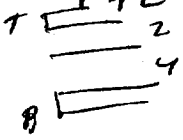
115 couldn't pick up

vault sections

2PM waiting

230 crane putting base

300 putting top + 4' + 2' section



level short distance

← 1%

inlet

quit 4PM
