Just so you all know, Saul will be submitting a FOIA for the HRS package. I assume someone from SA staff will work with someone from remedial program to get the info needed.
Thanks,
Nicole

Hello Nicole,

Of course. No worries. I appreciate your working with me on this. We are moving our own doc repository as well. As Lilly Lee, Jackie Lane and formerly Craig Cooper can tell you it is quite large. We have close to 1,000 boxes and 2 dozen filing cabinets (even after we donated our Mare Island files to the Vallejo Museum) that need to be sorted as we organize our new office and Community Window facility. So I can sympathize.

I will try to call you tomorrow, but will definitely be in touch by Friday.

Thank you again,

Hi Saul-
Unfortunately due to the fact that we in the process of re-doing our records center, the older TI documents have been shipped off-site for storage. At this point we have an index with nearly 1000 documents that we would need to review to determine which boxes may contain the HRS package for TI.
Please give me a call at your convenience to discuss options. I am unavailable today but open Thursday and Friday.
Thank you.
Nicole

Hello Nicole,

Thanks much appreciated. A contact at Dames and Moore – the consultant for the TI HRS – said all the final packages they produced were given to the Agency. I realize this is a 1991 document, but given its importance to the Site's admin record it should be "relatively easy" for your staff to put their hands on.

Thanks again for all the help,

Hi Nicole,

Once again, thank you for the information and list of participants. We didn't expect to see the internal draft summary sheet and appreciate the effort to get your Office of Regional Counsel to review it for release to us. We are still looking over the summary but it would be very helpful if we could get the complete and finalized HRS package including its distribution list. It's an important historical document. It would be very useful to have a copy in our archives and for documenting the early days of TI's remedial investigation. Fortunately the final package is a public document so that at least eliminates the need for ORC and the extra step for you.

Thanks again,

Hi Saul-
I apologize for the lateness of sending this to you. We needed our Office of Regional Counsel to review for any potential confidential information. Attached is the score sheet from 1991 for Treasure Island. Please let any of us know if you have questions.
Thanks,
Nicole Moutoux
