Tony,

Please see below. Typically it is just the panel chair who send this (not the CASAC Chair), but since Ivan rotated off and you are the "Panel Chair", we included both of you in the signature block. Please let us know if you are okay with the cover letter or if you have any edits.

Subject: Please send me your approval to transmit the attached NOx/SOx/PM REA planning document consultation letter

Ivan,

Attached is a letter transmitting to EPA the comments of CASAC NOx/SOx panel members on the Agency's Risk Exposure Assessment (REA) Planning Document. Please send me a reply indicating your approval to transmit the letter and enclosed individual comments from panel members to the EPA Administrator. As indicated in the letter, this was a consultation and a consensus report is not being provided to EPA because no consensus advice is given. If possible, I would like to receive your approval of the letter by next Wednesday (October 31st).

Individual comments from 14 panel members are included in the enclosure. Drs. Howarth, Schwartz, and Weathers did not attend the panel meeting on September 5-6 and did not provide comments. Dr. Boyer provided oral comments at the meeting but has not sent written comments. I will let her know that we will include her individual comments if we receive them by COB next Tuesday (October 30th).

Thanks very much,

Tom
