6	Description of Actions to Achieve Compliance
7	Fuel team at RCL have tried to source compliant LSFO max 1% fuel oil for Explorer in Port Canaveral, the only bunker port on her itineraries, to no avail. We will require non availability given the supply situation and unavailability of the LSFO 1% max sulfur product in this port. There is only 1 supplier in Port Canaveral, Vitol, whom on December 2nd advised that they will no longer have any LSFO product after December 7th. Please find below RCL supplier contact information and short statement of fact regarding unavailability of LSFO max 1% fuel oil from the supplier.
