Storm, Linda [9:55 AM]:

HI Michael - Carrie Byron has provided me her feedback and I am finalizing the draft letter to the Corps for Dave Allnutt's signature on the Shellfish activities PBA removal of Conservation Measure #7 issue. I will send the draft to Linda Tyson for final formatting and cc you. I didn't hear back about who at ORC should review it, but I'm presuming they can do so via cc? How would you like to handle that. I will ask Linda to route it for concurrence through Carrie Byron and the person at ORC if you give me their name (Endre?). Hoping you can look it over and get Linda (cc me please) any edits you have today - then we can have it routed for signature and get it signed early next week. Cheers! Linda
