Richard,

I checked with our staff and we do have the horses to do this for you. We may rely on our sub consultant URS to aid in the cost estimating component of the EE/CA. Sharon set me up with some seed money. I'll start the rough cost estimating tomorrow. Who would have ever thought you would be doing an EE/CA on a derelict landing craft. Gotta be a first. Power points helped a lot.

We'll be talking soon.

Best,
Steve
