Hey John,

I expect our Approval Memorandum to be signed today. As soon as that's done, I will write a TDD for the EE/CA. I'll let Sharon and Jeff know its coming. I'd like to meet with you and/or whoever is going to handle this as soon as you can after Christmas, depending I guess if folks are available next week or if they're on leave. I really need for the work on this to be focused and am sure you guys will do a great job.

Thanks,

Richard
