Alex,

Not sure if you actually have the document so I am sending along.

I shared with key players in Region including Bryan, Jane Downing and a few others. I asked for their input by noon Wednesday so that I can have something for you and Deb to review.

Let me know if you need anything else to support the regional review.

Thanks.

Subject: Preliminary draft PFAS management plan

Please see attached to this message a preliminary draft of the PFAS management plan, which has been developed in consultation with EPA's PFAS coordinating committee, based on input received during the national PFAS leadership summit, the community engagement sessions and roundtables, the Tribal engagement in R10 and in consideration of the 118,000 comments submitted to EPA's docket. We welcome input you and your program staff can provide to strengthen this draft. You will also note that we also need to fill in additional details for Appendix A, which lists highlighted PFAS-related actions across the Agency. In addition to providing your feedback on the content and description of activities in the body of the document, we would be most grateful if you and your staff would also the list of activities in Appendix A, and add noteworthy projects from your AA-ship or Region to ensure this list reflects the important PFAS-related work going on across the Agency. In particular, we would like to include at least one or two key actions from each EPA Region.

The work described in this preliminary draft reflects a tremendous amount of outstanding work that is taking place across the Agency, and in partnership with the other federal agencies, the states and tribes, and local communities. While the short descriptions of activities cannot do justice to the scope and importance of these efforts, the goal is to ensure that the draft management plan conveys the strategic choices the Agency is making to balance the need for near-term action with the need to be deliberate in carefully considering the appropriate next steps to protect human health and the environment. Thanks again to all for your excellent work and collaboration on this effort!

Please provide your office/region's consolidated comments to Hannah Holsinger with a cc to me no later than Thursday, October 18. For your reference, I have also attached a schedule that outlines next steps for development of the PFAS management plan.

PFAS National Management Plan: Draft Timeline

Date	Activity
Week of October 1st	Finalize management plan outline Draft preliminary management Plan Early engagement with program offices
Week of October 8th	Draft management plan Begin 1-Week EPA program and regional input/review
Week of October 15th	Draft communications materials Brief AAW with programs and regions Early engagement with OMB/White house
Week of October 22nd	2-day Revise PFAS management plan 3-day Program and regional management review
Week of October 29th	AO 1-week review
Week of November 5th	Revise draft management plan based on AO feedback Brief OMB staff and provide management plan and communications mat for review
Week of November 12th	OMB review
Week of November 19th	OMB engagement
Week of November 26th	Finalize management plan Finalize communications materials Release management plan
