Rich, Earl and Mary,
Very nice work on this approval memo. Cal and I will see to it being routed today.
Chris.

Subject: Final LST-1166 Approval Memorandum

Please see the attached final Approval Memorandum and Area Site Map for the LST-1166 EE/CA. The document has been finalized and encompasses everyone's comments. I have not attached a concurrence page, but will need one attached with EE/CA and Map, and concurrence routing started. Calvin offered to run the document around for concurrence and signing tomorrow. Sirrku, can you please attach the concurrence sign-off page and get ready for routing? I believe that Jennifer Brave has also offered assistance should you need it.

Thanks all,

Richard Franklin
