---

yep. probably mid-morning is best, although I should know more of my schedule by Thursday, so it may be that earlier is fine as well.

Richard,
I do have time and will be in town on Friday and would be pleased to drop by. Does the morning work for you?

Regards,

Aaron Harrington

Thanks Aaron. I am busy with meetings here the 16th - 18th, but available the 19th if its convenient and you'd like to drop by. Otherwise, perhaps I can catch you at your office in the near future.

Subject: GLOBAL DIVING INFO

Richard,
Thanks for the return call last week and the candid conversation on the LST-1166. For informational purposes I have attached a couple projects that incorporate federal contracting and a similar scope of work with Global as the prime contractor. I will be in Oregon next week to give a presentation at Sector Columbia River on the 17th and attend the NWAC meeting on the 18th. If your schedule allows I would be happy to stop by and briefly introduce myself at your office on Friday or a convenient time in the future. Again, if we can be of any assistance or answer any questions on our capabilities please feel free to call.

Best Regards,

Aaron Harrington
