Subject: RE: Salients

Hi Kate,

I will follow up with both Jen and Cos on feedback regarding the salients. There is a new format that's supposed to be rolled out also.. I'm just awaiting their ok, fyi.

Thanks.

Renee-
As requested by Jenifer.
It would be really helpful for us to get feedback on salients. Are we submitting enough information at the correct level? Do you want titles? Do you still want individual contact info? Any feedback is welcomed and we can revise. Thank you in advance.

Please note we have a late breaking addition. Amanda P. got a today for request for a briefing to ECOS today as noted below. Amanda has been doing a skills marketplace project for OECA for the last few months.

Deliberative Process / Ex. 5

Cooperation with DNREC on Safe Drinking Water Act Violation
Region III and DNREC are working cooperatively to have Mountaire Farms supply a permanent alternate source of drinking water to residents in Millsboro, Delaware. DNREC issued a Notice of Violation to the Mountaire Farms facility on November 2, 2017 placing Mountaire Farms in violation of an existing EPA 1431 Order on Consent to limit discharges that may contribute to levels of nitrate in the ground water.
