Hey Eugene,

2:30 Eastern would be better for me, or perhaps earlier, like 1:00. I'll try to call you earlier, but can send along some email traffic and documents so you can see where we're headed. Can you say EE/CA?

We'll talk soon.

Richard

Richard,

Are you available this afternoon (say at 2 PM eastern) to talk about the boat?

I heard you left a message with Tito. We can call you from his office - what's a good number to call?

Also, if you have any new background material to send my way or want to give me a call earlier to prep (particularly if we are going to ask for money) please do so.

Cheers,

Eugene
