J.H. Baxter Meeting

Jan P. Rue Ann, Steve, Gary D. René

Will be in field Monday to drill.

Need a call for access to 1 acre corner lot if EPA visits.
Need to update old records and update and document.

Discussion about borings in trailer park which is a major access problem.

- AOS lab 8270 in Everett for 24 hr turnaround for PCP only.
Will send emails and maps (?) to update us.

discussion about drilling and leaving hole open doing rapid turn around prior to setting screen.
Steve had wanted to drill to depth and install screen @ 70 ft. Agreed on drilling past 60 ft in central area.

Discussed monthly water level monitoring, stop use of EW 7.

J.H. Baxter Will send letter on agreements at meeting
