Subject: CFAC Building 1 Reuse, Repurpose, and Recyclable Removal Approval.

Dear Mr. Boyd,

I am pleased to inform you that Calbag is authorized to resume operations for the removal of the reuse, repurpose, and recyclable materials as outlined in the *Columbia Falls Aluminum Company, Building 1, Reuse, Repurpose, and Recyclable Materials Waste Determination Summary Report (Report).*
Within your Report, you have made the determination that the recyclable materials at the Columbia Falls Aluminum Company are not contaminated with or contain hazardous waste(s). Your Report presents the necessary hazardous waste determinations, and DEQ is in agreement with these findings as presented.

I would like to thank you and Tetra Tech for the work that you have done in the preparation of this Report, and I look forward to working with you both on the Waste Management Plan.

If you have any questions, please feel free to contact myself or Mr. Mike Rieger.

Best regards,

Cory Mikita
