Mike:

I was contacted by a John Plunkett of Spokane who is interested in buying (lease-option or whatever) Arrcom.

He wants to start an oil re-refinery facility and would like to have information on what RCRA requirements & notifications would be.

I'm going to talk with our attorneys and if they say its OK, I plan to give Plunkett Binghams phone # in California.

Plunkett is presently involved "cleaning up oil at Kaiser Aluminum in Spokane.

That's about all I know at the moment. Please get hold of me if you have any thoughts on the subject.

John Meyer
