RE: Facility No. IDD000800961

Dear Sir;

I would like to request an informal conference to see what might be done to resove this situation. I do not have authority to speak or act for Arrcom/ George Drexler, but I may be able to assist in working on a program to get some direction to this.

This conference would have to be in Spokane, since I don't have financial resources to travel to Seattle.

Sincerely;

W. A. Pickett
