SUBJECT: VSI at Pier 91

TELECON SUMMARY

G. DAS Is the shower part of the aqua coat process?
The shower rinses off dust and dirt from travel and storage. Shower sprays water not any chemical. This is usually prior to aqua coat removal.

G. DAS Who does DAS work with at Metro? Mike didn't know who it was that came out to talk to him about monitoring their discharge. Said he would be back in a couple of months.

G. DAS Does DAS have a generator ID #?
Yes, WAD980665004.

0010479

Phone 206 728-3231 Ext.

SUBJECT: Aluminum coating drums outside Bldg. 40

TELECON SUMMARY

I asked Mr. Mathony if the drums are to be used or disposed of.

His response was, if they are full they will use them, but if empty they will be disposed of. He will check on their fullness and will let me know.

I called back around 2:30 PM. All drums are full and will be reused.

Contact George MacKwood
Firm/Agency PANOCO
Street Pier 91
City Seattle State WA
Zip
Phone 206/282-442 /Ext.

SUBJECT: # of oil/water separators at PANOCO

TELECON SUMMARY

I asked George MacKwood about the number of oil/water separators that exists at PANOCO. His reply was there is only one and is used with the hydrocarbon recovery unit. Also asked him about the 1,300 gallons of diesel release at PANOCO. Had no information about that. Said it may be the same one that is in remediation by Hydrocarbon recovery unit.
