Subject: RE: CFAC Comments to MDEQ Draft AOC and Exhibits

Hi Bill,

Thanks for getting back to me on Smurfit. It sounds like you'll be in Butte for CD negotiations, so how about if you just give me a call whenever is convenient?

With respect to Columbia Falls, it was recently re-assigned from me to Mark Chalfant, whose email I am copying on this message. His direct line is 303.312.6177. I'll also forward him the document you sent.

Take care,

ap

Amelia Piggott
Attorney

Confidential:

Amelia, As I mentioned in my recent voice mail, I am providing you a copy of the response we got from CFAC regarding our proposed AOC. We have told them that we would maintain this document as confidential while we are in the process of potentially negotiating an agreement. You can certainly share this with your EPA team members, but we do want to keep this internal between our agencies at present.

As I mentioned, we would like to have a conference call to discuss this with you and have the following times available, if they work for your team.

Thursday, October 23 from 8-9 or 10-11
Friday, October 24 anytime between 9-12

Hope to talk to you soon.

Bill Kirley
DEQ Counsel

Subject: CFAC Comments to MDEQ Draft AOC and Exhibits

Bill,

My apologies for sending this to you later than requested. My business travels were unexpectedly extended and it took longer than anticipated to compile our comments.

Attached are two documents: (1) CFAC's markup of the draft AOC that was sent with a letter from Jenny Chambers Dated July 31 and (2) CFAC's comments on the Scopes of Work that were attached as an exhibit to the AOC. The comments on the scopes of work are more conceptual and will probably require some additional discussion to agree on the concepts, flesh out the ideas and develop specific proposals. We think that this will facilitate CFAC starting work on developing the RI workplan as soon as possible. Therefore we propose meeting with you in the next 4-6 weeks to discuss our comments on the scopes after you have had a chance to review and digest our comments.

Note that our comments on the AOC consist of a mark up of the AOC in Acrobat format and includes red strike outs, blue strike outs and inserted text, text highlighting and comments. If you don't see markups

when you open the document and have trouble viewing our comments, please let me know and we will try to get you a hand mark up that contains our comments.

Of course, we may have well missed items in the AOC and reserve our rights, including our right to make additional comment.

Please don't hesitate to contact me if you have any questions or would like to discuss.

Best regards,

Andrew
