Columbia Falls Aluminum Company Proposed Superfund Site - Columbia Falls Montana
Community Interview Questionnaire

_____ _____
Interview Name, title/affiliation Interview Number

_____
Date

1. Are you familiar with the CFAC proposed Superfund site? (y/n) What do you know about the site?

2. How did you first become aware of potential contamination at the site?

3. Do you have any concerns or questions about the potential contamination at the site?

~~4. Where do you think the contamination could have come from?~~

Commented [EC1]: Suggest removing this question – anticipate that it would be answered in an earlier question

~~5.~~4. How do you usually get information about the site?

~~6.~~5. Are you aware of the sampling being conducted at the site? (y/n)

- What do you know about it?

- How did this information come to your attention?

~~7.~~6. Do you have any concerns or questions about sampling and cleanup activities at the site?

ED_002345B_00008377-00001

~~8.~~7. If you have community health concerns, where do you go for information?

~~9.~~8. What kinds of information do you want to get about EPA's activities in your community?

~~10.~~9. How would you prefer to receive information about the site? (email, postal service, website, news media (newspaper, radio, tv), social media, meetings, etc.)

- What is the best email address to contact you?

- Would you like to be on the email distribution list? ~~Y N~~(y/n)
- What is a good mailing address for you?

~~11.~~10. What do you think is the best way to get information to other area residents and to the community? Is there anything EPA can consider when trying to reach out to underserved communities (for example, are there different language needs, community members in remote areas, existing organizations that may be helpful resources for EPA, etc.)?

~~12.~~11. How do you get news about current issues in your area?

Newspapers:	TV stations:
Radio stations:	Internet:
Friends and neighbors:	Other:

~~13.~~12. How often would you like to receive information?

~~14.~~13. Are you aware of the information repository at ImagineIF Library – Columbia Falls? (y/n)
Is there a good location in the community for EPA to put copies of documents and fact sheets about the site? (The location must have accessible hours and people must have the ability to copy documents at the location.)

~~15.~~14. Would starting a community group focused on the issues regarding the CFAC site be a good idea?

- Explain the CAG program (be prepared to clarify how the CLP is different from a CAG)
- Can you suggest someone who would be a good member of such a work group?

- Are you a member of or aware of an environmental group or similar group in the area that may have similar stakeholders as what you would expect for a CAG?

~~16.~~15. Public meetings are important to the Superfund process.

- Where would you recommend having public meetings?

- How far would you travel to attend a meeting?

- What are good days of the week for you to attend a meeting? Times of day?

16. Are there any local meetings, groups, clubs or events that may be an opportunity for EPA to attend or engage? (y/n)
If so, do you know a point of contact or a date/time/venue?

17. Do you receive a community newsletter?

- How do you get it?
- Do you know who produces it?

18. ~~Can you provide additional guidance to the EPA about how we can best engage the community?~~
How can EPA improve communication with the public?

Commented [EC2]: Suggest just focusing on how EPA can improve communication with the public

19. Who else should we talk with?

20. Is there anything else you would like to add?
