Subject: Anaconda Aluminum (CFAC) finalizing placement to the NPL

Due to workload priorities, the preparation of the response to comments on the proposal of the Anaconda Aluminum (CFAC) near Columbia Falls, MT to the NPL is being postponed. Thus, finalizing the NPL listing for this site will not occur in the Spring federal register notice. I anticipate that the response to comments will be completed so the site can be finalized in the Fall 2016. Let me know if you have any concerns about this issue.

Victor
