Hi Richard,

I still have the sign-in sheet for the CFAC mailing list. See the emails below to see my original questions to our management. Can you address the questions in Denise's follow-up email?

Thanks!

Jeni:

CECRA has a site file started. I'm not sure how EPA/DEQ handle public involvement tasks for NPL sites. If DEQ will be the lead for sending out information, then it would be helpful to start a mailing list. However, it is possible that EPA has already created a mailing list. Would you please touch base with the EPA PIO that you worked with on the December 2014 public meeting and determine if they have already created a mailing list? Thanks!

Denise

I still have the sign-in sheet from the meeting in Columbia Falls. Do we have a file started for this site that this can go in? Should I give it to an admin to start a mailing list as well?
