Subject: Meeting with EPA Regarding Actions at CFAC Site - proposed agenda
Location: DEQ Cedar Street Ponderosa Room

Start: 5/10/2016 8:00:00 PM
End: 5/10/2016 9:30:00 PM
Show Time As: Tentative

Recurrence: (none)

This is the one time interval that seems to work for the majority of the invitees. The goal of the meeting will be to discuss the ongoing actions at the site and illuminate any conflicts or disconnects that could occur due to the various programs involved.
Mike is the EPA Region 8 Remedial Project Manager who has been leading the removal action work in Libby, that has now transitioned to Remedial Action with the signing of the ROD. It will be good for him to hear about the other work going on at the site (D&D&D = Decontamination, Dismantlement, and Disposal).
We can set up a call in number, in the event Colleen and Mike R can call in.
