Mark- Here are some bullets I cut and pasted from other briefing papers we have drafted in the past month. I'm not sure I can cut it down! I am biased and think it's all important. ☺ Maybe you could chat with Mike (406-293-6194) and cut down and maybe add some property cleanup numbers.

Thanks for putting this together,

Dania and Mike,

I need your assistance. OCIR has asked for prep materials (Superfund and Enforcement Actions) for the Administrator's hearing on May 16th to the Senate Appropriations Subcommittee, which includes MT Senators Tester and Daines. Materials are due May 9th. OCIR is looking for possible actions/issues/updates/good news on hot button issues that affect the subcommittee members. I am thinking we ought to have a few bullets on Libby Asbestos along with CFAC. If you can draft a few bullets yet this afternoon or first thing in the morning, I need to get them to my front office early tomorrow morning. Attached is the Anaconda Co. Smelter bullets I just finished editing. The ones for Libby Asbestos and CFAC can be considerably shorter, and I mean shorter! Just a handful of bullets. I've been tasked with this while much of my management is on travel this week and I'm acting for Andrea.

Thanks,
Mark
