Hey Mike, I've attached a couple small edits for your consideration for this letter. I had a difficult time chewing on that second sentence. Not sure if I made it any better. A wordsmithing option to take or leave at your discretion. Thanks Mike.

Subject: Letter to CFAC in regards Concrete reuse.

Hi Joe,

I have a letter drafted to respond to a request for us to approve the use of concrete as backfill material. I have talked with CFAC on many occasions that we will not approve but would look at it from a CERCLA stand point since the state put that in their requirement for reuse. I have talked with our toxicologists and CDM-Smith and we are all fine with what we are recommending. Let me know if I can sign and send. Feel free to edit as appropriate.

Thanks
Mike
