Subject: FW: REVISED Request for Changes to Approved Pipeline Funding

Importance: High

Hi Nicole,

I'm a bit confused…

The funding plan below appears to add $7K to the budget, from $178K (Joe's budget below) to $185K.

Please reconcile the $7K or work with Joe to adjust his reductions in the approved pipeline budget.

Sorry to be so picky, but as we've discussed, I'm a bit nervous about our actual budget.

Thanks,

Russ

Hi Russ and Joe,

Please see Nicole's email below for the ESAT needs. Please let me and Mandi know of your approval so that we can update SEMS and the spreadsheet.

Thanks
Dianna

Roger,

Looks like Joe's email below needs to be slightly revised based upon our discussions for Barker and Carpenter. Both sites, need to be increased to $45k.

Seems like I am still ok to move forward with 2nd Qtr obligations though. I will put in those PRs now.

Subject: RE: REVISED Request for Changes to Approved Pipeline Funding

Here is the breakdown on funding for Roger's sites.

2nd Qtr Obligations

Barker: $20k
Carpenter: $20k
Mouat: $12k

4th Qtr Obligations

Barker: $25k
Carpenter: $25k
Mouat: $5k

Let me know if you have any questions.

Dinna/Mandi,

Because of how the contract is setup we can only obligate funds that will be used through June 30. Nicole proposed to incrementally fund a portion of the work in the 2nd quarter and the remainder in the 4th quarter. She should be able to provide that breakdown between quarter.

Subject: Request for Changes to Approved Pipeline Funding

Hi, Russ:

We currently have an approved RI/FS oversight pipeline funding need for Anaconda Aluminum Columbia Falls of $250K for the third quarter 2017. I would like to reduce that to $100K (the CDM Smith work assignment will be thus partially funded at $350K of $474,147 approved). The requested increases and decreases including the change to Anaconda Aluminum are detailed below:

Decrease Anaconda Aluminum RI/FS Oversight (BD 01 C001) Q3 Approved Need from $250,000 to $100,000
Decrease Upper Tenmile Technical Assistance (TA 04 C004) Q3 Approved Need from $50,000 to $22,000
Total Approved Needs Decrease = $178,000

Increase Carpenter Snow Creek Technical Assistance (TA 00 C004) Q2 Approved Need from $0 to $42,000
Increase Mouat Industries Technical Assistance (TA 00 C002) Q2 Approved Need from $0 to $18,000
Increase Barker Hughesville Technical Assistance (TA 00 C006) Q2 Approved Need from $0 to $40,000
Increase Flat Creek IMM RI/FS (CO 02 C002) Q2 Approved Need from $0 to $78,000
Total Approved Needs Increase = $178,000

If approved, please adjust any alternate needs accordingly for the actions above.

Thank you,

Joe

That Should be fine Joe,

I'll work with CDM to make sure they keep my in the loop on funding needs as we get through the season.

Hi, Mike:

It's my fault that Danette has not yet done the purchase requisition. I asked her not to until I had the chance to talk to you about the funding. Since you will be obligating the remainder of the $250,000 from last year as well as additional funding, I wanted to check with you to see how much you really think CDM Smith needs at this time for the oversight work. My preference would be not to fully fund the work assignment at this time, and only put in an additional $100K. That would give you $300K to $350K – depending how much of the initial $50K they have already spent on the work plan – to get you through this field season and well into next year. I would rather not obligate more than CDM Smith will be able to use before the end of their contract to avoid losing potential deobligations to Headquarters.

Please let me know if you think you will need more than the additional $100K for the next several months.

Thank you,

Joe

Hi Danette,

The above contract already has $ 250K on it for this project and we have been given the go ahead to fully fund the Work Plan amount of $ 474,147. Please create a PR for the balance of the Work Plan which should be $ 474,147 – 250,000 = $ 224,147. Let me know if you have any questions. Thx.
