CONVERSATION

DEPARTMENT EMPLOYEE

What's the status of the requirement for "Financial Assurance for Facility Closure" are new regulations coming out?

What if it comes out after April 13, 1982, the current deadline for the rule.

OTHER PARTY

You should see something in the next few weeks. It will be similar to the Fed Reg of Jan 12 [illegible] but it will have some alternatives for the generation. The rule comes into effect 90 days after it comes out.

Something will come out by then, if not the rule at least another postponement
