Walt,

Hope all is well.

DO you have time to take today, tomorrow or Monday about the beneficial use issue. I want to give you a heads up on our status. Let me know when it would be convenient for me to call.

Thx

Walt,
I hope this holiday season finds you well.

It's been awhile since our last communication and I'm just checking in to determine whether PA DEP modified the language for its Clean fill policy and Beneficial Reuse Permits yet? We were unsure whether the end of the year meant calendar or fiscal year. If you have done so can you send us the revised documents? Thanks much.

Sincerely,

Harry,

With regard to your question about how long the process will take to apply the language to the permit and policy, we will be modifying form FP-001 now that we have the resource account information. Our goal for the Management of Fill Policy (MoFP) is to have it published as draft in the PA Bulletin in the 4th quarter of this year, at which time we will

amend it to address the TSCA issue. Amendments to the 096 permit are in our queue of permit amendments and the goal is to have a draft ready for public comment in a month or two.

Walt,

Below you will find some suggested language for footnotes for use in the beneficial use permit and the clean fill policies:

Beneficial Use Policy Language:

Deliberative Process / Ex. 5

Clean Fill Policy Language:

Deliberative Process / Ex. 5

Could you give us an idea of the how long the process will take before this language becomes finalized in the permit and policy? Also, once these documents are final, could you also provide us a copy?
