Hi, Everyone:

Attached is a revised presentation with comments incorporated from Betsy, Martin, and Henry. I am still waiting for an additional change to the diagram on slide 5 from our contractor. Please let me know if you have any suggestions for additional changes.

Thank you,

Joe

Hi, Everyone:

Attached is the first rough draft of a presentation for Doug to provide at the January 26 focused stakeholder meeting in Butte. Although we're still working on it, I wanted to get a sense of whether we're headed in the right direction and whether the level of detail is appropriate, too much, or too little. We still need to develop the path forward a little and add detail about resources. We plan to continue to revise this through the first part of next week, and we look forward to any input you might have.

Thank you,

Joe
