Subject: Re: Recruiting scientists in my new job at EPA

I've been located at the University of Queensland, working with Alan Lopez on the global burden of cancer & global tobacco issues, but have also worked with the NSW Cancer Council.

Dear Michael -- Good to hear from you, too. I hope you're enjoying Australia. Are you at one of the Cancer Councils?

The editorial looks excellent. I particularly like the strong closing.

Best regards,
Vince

Good to hear from you Vincent. Your move is a big loss for IARC and a big gain for EPA.
I've been in Australia on "assignment"/sabbatical for the last 4 months. It's been great.

Attached is an editorial on Tobacco Smoke & breast cancer that I wrote with Paul Terry & Tom Rohan from Women's Health. It incorporates a lot of our thinking from Monograph 100. It is still in press, so please treat it as confidential.

Best wishes,
Michael

Subject: Recruiting scientists in my new job at EPA

Dear colleagues,

I hope this message finds you well. You may have heard that I left IARC
and now direct the chemical risk assessment program at the U.S. Environmental Protection Agency. Although it's good to return home, I miss IARC, I miss living in France, and I miss interacting with the world-class experts we invited to Monograph meetings.

I'm writing to ask your help in recruiting scientists for my program at EPA. At IARC we hired several excellent candidates recommended by Monograph experts, and I hope to replicate that here. Currently, we can
fill the following positions, all in Arlington VA near Washington DC:

1. Cancer biologist/Toxicologist, GS-14, $105-136k (closes 3 June)
2. Health scientist/Epidemiologist, GS-11/12/13, $62-115k (closes 17 June)

3. Statistician, GS-12/13, $74-115k (closes 7 June)
4. Biologist/Toxicologist, GS-11/12/13, $62-115k (closes 17 June)

Interested candidates must apply thru the website http://www.usajobs.opm.gov/. Type "IRIS" into the keyword field and these four announcements should appear. Please ask candidates also to contact me so I will know they come recommended by a good source.

I wish you all well, and I hope our paths will cross again.

With warm regards,
Vince Cogliano

Acting Director, Integrated Risk Information System (IRIS)
National Center for Environmental Assessment
U.S. Environmental Protection Agency
1200 Pennsylvania Ave NW (8601P)
Washington DC 20460

courier delivery: 2733 S Crystal Dr (N-7663); Arlington VA 22202
