RECORD OF COMMUNICATION	☒ PHONE CALL ☐ DISCUSSION ☐ FIELD TRIP ☐ CONFERENCE ☐ OTHER (SPECIFY) (Record of item checked above)	
TO: Jim Dow 417-862-0751 Litton ACD	FROM: Karen Flournoy	DATE 4-26-82 TIME

SUBJECT

Litton ACD

SUMMARY OF COMMUNICATION

I called Mr. Dow to discuss two comments on the revised closure plan. 1. clarification that sludge is treated as a haz. waste. Mr. Dow tells me that they have taken samples for EP toxicity testing & hope to have results in a few days. He's still talking about letting the sludge sit & dry out instead of removing the sludge now & centrifuging. If the sludge is non-hazardous they want to dispose of it at the Springfield landfill. Anyway, Mr. Dow will advise us of the results of the EP toxicity tests as soon as possible.

2. Soil sampling - Told him this would be needed if sludge is treated as a haz. waste. We will discuss this later.

CONCLUSIONS, ACTION TAKEN OR REQUIRED

Mr. Dow said in the past MDNR has observed closure of various portions of their fac. & said that everything was ok so he seemed to think that MDNR would not see a need for soil testing.
