---

On behalf of the City of Glen Cove (City), below please find a FTP server link which was recently established to provide access to a variety of files supporting the overall Waterfront Revitalization Project. This FTP server is intended to be operate as "general information hub" to proposed redevelopment plans and corresponding environmental/legal documentation prepared by both the City and/or the Development Team allowing for all necessary environmental regulatory reviews/decision-making prior to project implementation.

https://dvirkaandbartilucci.sharefile.com/f/fofd04b3-843f-4f83-983c-032636638a5e

The enclosed FTP server link also provides access to the environmental documentation and/or reports as requested by the New York State Department of Environmental Conservation in their correspondence dated January 26, 2015. For ease of review the City has prepared the attached executive summary which provides a brief overview of the documentation requested, as well as, hyperlinks to corresponding environmental documentation and/or reports. The enclosed FTP server link is also being forwarded to the United States Environmental Protection Agency, New York State Department of Health and New York State Department of Transportation.

Please note that all individuals copied herein have been provided unrestricted access to the FTP server. Upon initially accessing the FTP server, you will be required to enter a username and password as follows:

- **Username** – Enter your e-mail address; and
- **Password** – Enter universal password Engineer1 (case sensitive). Once logged in, you will be able to modify your account settings to change your password if you would like. It is also recommended that you enable the "Remember Me" option at the login screen to store your login credentials for subsequent site access.

Should you have questions/difficulty accessing the FTP server link provided, please contact Frank DeVita at fdevita@db-eng.com for further assistance. In the event that additional individuals require access to the FTP server, please respond to this e-mail with their respective e-mail addresses to establish login credentials. In the interim, should you have any questions or require any additional information please do not hesitate to contact Myralee

Machol at (516) 676-1625 Ext. 102. Thank you.
