Hi all,

Attached is a new draft of the comms plan incorporating your comments, and posing some more Q&A's that we need answers to. Additionally, I've attached a first draft of web text for people to take a look at. Let's see how quick we can get edits back. Particularly on the web text...

Hi all,

I've attached some edits to the comms plan for pesticides, along with some new questions that we should talk about. Let me know what you think. We can touch on this on Monday.

Samantha, I've added you to the mix on this one since for something like this in the past, Lynn would chime in on our Q&A's and messages associated with announcements like this.

Hi Lou and Ashley

Here is a draft desk statement, Q's&A's, and comms timing for the project of archiving pesticides on IRIS. Please take a look and let me know what you think. With your input I can then use this info to develop a webpage on the issue and a blurb for the recent additions page.

Thanks
